International Donor Conference for Reconstruction and Development in Darfur

الدوحة - قطر Doha - Qatar  
7-8 April 2013

## Vétérinaires sans Frontières – Germany (VSF-G)

### Support and Pledging Statements Session

### Vétérinaires sans Frontières – Germany – Plan of Action for Darfur

The ultimate purpose of VSFG's plan of action for Darfur is to improve food security and livelihoods of the rural population by addressing the immediate humanitarian and returnee's reintegration and recovery needs while targeting the root causes of livelihood erosion. The strategy intends to create a more conducive environment to sustain food security in disaster prone areas. Such a strategy should lead to the realisation of the following outputs:

**Output 1:** Improved livestock health and production

**Output 2:** Improved environmental restoration and protection

**Output 3:** Improved livelihoods diversification and technology transfer

**Output 4:** Supported crop production and productivity

**Output 5:** Improved infrastructure for basic services and production.

**Output 6:** Improved capacities of beneficiaries and local technical personnel
